Re: Request for information under the Freedom of Information Act 2000

Thank you for your email, dated 13 August 2019, making a request under the Freedom of Information Act 2000 for access to information which may be held by NHS Greater Preston Clinical Commissioning Group (CCG).

Please find detailed below NHS Greater Preston CCG’s response to your request, which is formatted as follows:-

1. Details of NHS Greater Preston CCG’s decision in regard to the information requested.
2. A schedule of all the records covered by your request.
3. A statement concerning copyright and re-use of public sector information.
4. Details of how you can appeal this decision should you wish to do so.

This letter addresses each of these parts in turn:-

1. Decision

I can confirm that NHS Greater Preston CCG holds the information requested.

2. Schedule of records/FOI response

Request: Please could we request answers to the following based upon the December 2018 MHRA report on emollient flammability:

Has this information provided by the MHRA been implemented across your CCG to advise healthcare professionals?
How has this been implemented? Please also provide details of any future intentions.
Has this information provided by the MHRA been implemented across your CCG to advise the public on how to use emollient skin products safely?
How has this been implemented? Please also provide details of any future intentions.

Response: Whilst the CCG medicines optimisation team are aware of the MHRA alert, this information is not something that they would be responsible for sharing with providers or member GP practices. It would be expected that individual organisations would ensure that the information is shared with those clinicians, who may prescribe or use such products, should they have not already received it through any other means.
3. Copy and reuse of public sector information provided in FOI response

Most of the information provided by NHS Greater Preston CCG in response to Freedom of Information Act 2000 requests will be subject to copyright protection. In the majority of cases the information will be owned by NHS Greater Preston CCG. The copyright for other information may be owned by another person or organisation, as indicated in the information itself: in this case you must apply to the copyright owner to obtain their permission.

You are free to use any information supplied for your own use, including for non-commercial research purposes. It may also be used for the purposes of news reporting. However, any other type of re-use, for example, by publishing the information or issuing copies to the public will require the permission of the copyright owner.

4. Right of appeal to FOI response

If you are dissatisfied with the service you have received in relation to your request and wish to make a complaint or request a review of our decision, you are entitled to complain in the following way:

Initially you should complain in writing to the freedom of information officer, either by email on gpccg.foi@nhs.net or post to Chorley House, Lancashire Business Park, Leyland, PR26 6TT, specifying why you feel you have been wrongly denied access to the information requested. The freedom of information officer will ensure your complaint is investigated under NHS Greater Preston CCG’s internal processes and provide you with a written response within 20 working days.

If you are not content with the outcome of your complaint, you may apply directly to the Information Commissioner's Office (ICO) for a decision. Generally, the ICO cannot make a decision unless you have exhausted the complaints procedure provided by NHS Greater Preston CCG.

Yours sincerely

Helen Curtis
FOI Lead
Head of Quality and Performance
